

# SOOS Symposium

## SOUTHERN OCEAN IN A CHANGING WORLD

14-18 AUGUST 2023

HOBART, AUSTRALIA

The inaugural Southern Ocean Observing System (SOOS) Symposium will provide unique opportunities for discussions around the progress and challenges of the Southern Ocean community and beyond. The symposium theme, "Southern Ocean in a Changing World", recognises the vital role of the Southern Ocean in the Earth system.

### PROGRAM RELEASED

The preliminary program is now announced. Final program to be released in July. For program, list of presenters & plenary speakers follow the link:
